SAFETY OFFICER II

Occupational Safety | Construction | Industrial Operations

P PROFESSIONAL PROFILE

Safety Officer II with nearly six years of combined experience supporting construction, industrial, electro-mechanical, roofing, architectural and structural projects. Experienced in inspections, hazard identification, toolbox meetings, permit coordination, PPE compliance, safety documentation and corrective-action follow-up. Additional work exposure in warehouse operations, encoding and quality control strengthens attention to detail and record accuracy. Also capable of remote or virtual-assistance support, computer troubleshooting, basic PC maintenance and web-development workflows. Comfortable with technology and an active PC and mobile gamer, bringing patience, adaptability and practical problem-solving to every assignment.

W SELECTED EXPERIENCE

AUG 8, 2026 - PRESENT

Safety Officer II

Eagle Star Industrial Sales Corporation

- Monitors daily work activities, conducts site inspections and helps ensure compliance with company safety procedures and applicable occupational safety requirements.
- Coordinates toolbox meetings, hazard controls, PPE compliance, work permits and timely reporting of unsafe acts or conditions.
- Maintains clear safety records and works closely with supervisors and workers to support incident prevention.
